

2 Way Removable Privacy Filters for Dell Laptops by Kensington

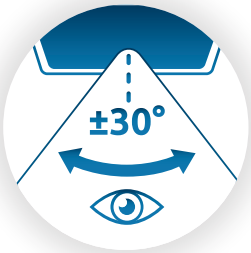

13.3" Laptops 16:9 Dell Part Number AC157236
14" Laptops 16:9 Dell Part Number AA618531
15.6" Laptops 16:9 Dell Part Number AA618533

Product Description

Prevent unauthorised viewing of Laptop screens with privacy filters from Kensington, the market leader in physical device security. With new collaboration and communication tools, employees now have the equipment and the flexibility to work anytime, anywhere. The more agile your workforce is, the more vulnerable they are to visual hacking. A hacker only needs to see your screen to access private information. Valuable information could be stolen whether you're working on the train, in the coffee shop or even in your own home. Keep your data private anywhere with Kensington.

Features

Limited Viewing Angle

Narrow the field of view on the screen to +/- 30 degrees, helping you keep the information on your screen private and reducing the chances of visual data breach, which is important in the office or in a public setting.

Blue Light Reduction

Filters out the harmful rays by up to 42%, easing eye strain and reducing the chances of blue light interrupting your natural sleep patterns.

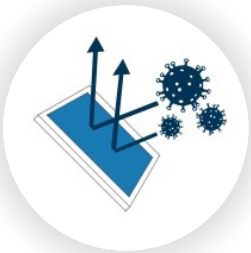

Installation Options

The privacy screen can be mounted either with the included frameless tab holders that attach to the edges of your monitor, letting you quickly and easily insert or remove the privacy screen, or you can mount it with double-sided tape that adheres directly to the screen for a cleaner look.

Reversible Viewing

Either side of the privacy screen can be used to different effect. One side has a matte finish to maximize glare reduction, is smooth to the touch and reduces traces of fingerprints. The other side is glossy and provides a clearer view of the monitor screen.

Anti-Microbial Properties

Our filters benefit from anti-microbial properties and have been tested to a globally accepted Japanese Standard. Anti-microbial coating inhibits growth and reproduction of bacteria by up to 99%*, coating is on the matte side only.

Anti-Fingerprint Coating

Keeps your screen clean and free of greasy marks.

Edge to Edge Alignment

For a perfect fit with your screen.

Touch Screen Compatible

And effective screen protection.
